FINANCE DEPARTMENT.

NOTIFICATIONS.

Fort St. George, November 14, 1922.

No. 195.—It has again been brought to the notice of Government that, in spite of the instructions issued in paragraphs 1 and 2 of Finance Department Memorandum No. 586/A-1, dated 10th April 1922, there was considerable delay on the part of District Magistrates in sending their indents to the Superintendent of Stationery for Criminal, Judicial and Miscellaneous forms. As has often been pointed out, such delays cause dislocation of work both in the Stationery office and at the Government Press. In order to avoid such dislocation in future the Government desire to issue a final warning that delays on the part of indenting officers will not be tolerated. The Superintendent of Stationery will consolidate the indents received by the due date so as to be able to send his consolidated indent to the Superintendent, Government Press, by the date fixed for him in the calendar of dates sanctioned in G.O. No. 364, Financial, dated 30th June 1916. Those officers who fail to send in their indents by the due date will be left to take the consequences of their delay.

2. It is for indenting officers to deal suitably with subordinate officers who fail to submit their indents in time and not to delay the submission to the Superintendent of Stationery of their consolidated indents because of such lapses.

NOTICE.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to announce that the new age limits for the Indian Civil Service Open Competition in this country, viz., 21 to 23 on the 1st August of the year of competition, will come into force for the Open Competition to be held in 1925, not in 1924 as previously announced. For the Open Competitions to be held in 1923 and 1924 the age limits will be 21 to 24 on the 1st August of the year of competition, these years (with 1922) constituting a transition period from the old to the new age-limits. The rule contained in the appendix to the current regulations, by which a maximum of one year's deduction from actual age is allowed in certain cases on account of war-service, will remain in force for the Competitions of 1922 and 1923.

The probationary course of selected candidates, before proceeding to India, will be extended to two years in the case of all candidates selected on the result of the Open Competition to be held in 1923; and a proportion of the younger candidates selected on the result of the Open Competitions to be held in 1922, 1923 and 1924 will also be required to undergo two years' probation in the United Kingdom.

As the scheme and syllabus of the examination so lately revised may be expected to prove well adapted to their purpose under the new age limits it is not intended to make any material change unless experience shows that modification is required; the regulations are always, however, liable to alteration from year to year.

CIVIL SERVICE COMMISSION,
September 1922.

INDIAN CIVIL SERVICE—OPEN COMPETITION OF 1923.

An Open Competitive Examination for admission to the Indian Civil Service will be held in London in 1923, the written work commencing on the 1st August, while the viva voce test (Subject 4) will be held in July.

The number of persons to be selected at this examination will be announced hereafter.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the 1st June 1923, *an application on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter requesting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last day will do so at their own risk.*

Acknowledgments of such Application Forms are sent, and any students who has filled up and returned the printed Application Form but has not received an acknowledgment of it within a few complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. 1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

Candidates will be notified in June of the date and place fixed for their viva voce test and of the manner in which the fee (£8) *is to be paid. The Time Table of the written part of the examination will be posted about the middle of July to the address given on the Form of Application, and will contain instructions as to the time and place at which candidates are to attend.*

NOTE

If Open Competitive Examinations for the following Services, viz.—

Eastern Cadetships in the Colonial Service,

Junior Grade of the Administrative Class (Men) in the Home Civil Service;

should be held in 1923 concurrently with the Open Competitive Examination for the Indian Civil Service, candidates duly eligible in respect of age, etc., will be admitted to compete for any two or all three of these Services, subject to the following conditions.—

(1) Every successful candidate who may have been admitted to compete for either the Indian or the Colonial Service (or both), as well as for the Home Service, will be called upon to declare, immediately after the announcement of the result of the competitions, whether he prefers his name to remain on the list of candidates for the Indian or Colonial Service or on the list of candidates for the Home Service

The name of any candidate who fails to declare his choice when called upon to do so will be removed from the list of candidates for the Home Service.

(2) Every successful candidate who may have been admitted to compete for both the Indian and Colonial Services will be called upon to declare, immediately after the announcement of the result of the competitions, whether he prefers his name to remain on the list of candidates for the Indian Service or on the list of candidates for the Colonial Service.

The name of any candidate who fails to declare his choice when called upon to do so will be removed from the list of candidates for the Colonial Service.

(3) All declarations of choice are irrevocable.

(4) Candidates for all three or any two of the above-mentioned services will be required to pay a consolidated fee of £3.

An auxiliary language.

11. The auxiliary language in section A or section C will be tested by means of translation from the language. The following languages may be offered:—French, German, Italian, Spanish, Portuguese, Dutch, Norwegian, Swedish, Danish, Russian, Latin, Ancient Greek; provided that—

(*a*) No candidate offers any language twice in the examination.

(*b*) No candidate offers in sections A and C together two languages of the group Italian, Spanish, Portuguese or two of the group Norwegian, Swedish, Danish.

(*c*) Only a candidate who takes to modern languages in section B may offer Latin or Ancient Greek as an auxiliary language.

Instead of an auxiliary language a candidate whose mother tongue is an Indian language may offer as subject 8 either Physical Anthropology or Social Anthropology provided he does not offer the subject elsewhere.

12. In subjects 30 to 47 the civilization subject associated with a language can only be taken by candidates who offer the language itself for examination.

13. A candidate desiring to offer any of the subjects 30 to 42 or subject 47 must produce evidence satisfactory to the Commissioners of Laboratory training in an institution of university rank. For Astronomy (28), Geography (43), Physical Anthropology (44), and Agriculture (46), other equivalent training will be required. There will be no laboratory test as a part of the examination.

14. From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

15. Moreover, if a candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him *

16. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Indian Civil Service, provided that they appear to be duly qualified in other respects.

Should any selected candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate.

17. Persons desirous to be admitted as candidates must apply on forms, which may be obtained from "The Secretary, Civil Service Commission, 8, Burlington Gardens, London, W. 1," at any time after the 1st December, in the year previous to that in which the Examination is to be held. No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st June (or, if that date should fall on a Sunday or public holiday, then, on or before the 1st day thereafter on which their office is open), in the year in which the Examination is to be held, an application, in the handwriting of the candidate on the prescribed form.

APPENDIX.

1. Any person who has joined since the 4th August, 1914, the Army or Navy, or Royal Marines or the Royal Air Force, or has rendered since that date actual military service in the Special Reserve or Territorial Force, Royal Naval Reserve or Royal Naval Volunteer Reserve, may, if eligible in point of age under the Regulations as they now stand for admission to the open competitive examination held in 1922, but over age in 1923, deduct from his actual age at the time of the open competitive examination held in 1923:—

(a) The actual period of such service, if it has not exceeded three months.

(b) One year, if the actual period of service has exceeded three months. No candidate will be allowed to deduct more than one year from his actual age.

2. The same concession may also be granted to those who have been employed during the same period in connexion with the armed forces of the Crown at home or abroad giving their whole time and under obligation to serve for the duration of the war or until their discharge, or for any period not terminable at their own option, provided that their employment be not on ordinary commercial terms, such as that of Assistant Paymasters, Clerks, Artizans and the like.

3. The grant of the concession described in paragraph (2) will be at the discretion of the Civil Service Commissioners, whose decision in such case will be final. Candidates who contemplate applying for an age deduction under (2) will do well to apply to the Civil Service Commission for a ruling on their case.

4. Candidates to be eligible for the concessions in (1) or (2) must furnish an official certificate of the period and satisfactory character of their service, and, if any doubt arise whether the service of any candidate is of the kind contemplated, the Secretary of State for India in Council reserves to the Civil Service Commissioner the right to decide the case upon its merits.

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The amount payable on these covenants amount to £1.

(vi) The seniority in the I.C.S. will be determined by the results of the examinations taken and the reports on how cases submitted during the course of probation.

(vii) Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.

6. The fee for the examination is as follows :—

	Rs.
Secondary grade	6
Elementary grade	1

Candidates who appear in one subject only should also remit the same fees. In the case of these candidates, their register number, the year in which they formerly appeared for the examination and failed in the one subject and the centre at which they appeared for the examination, should invariably be given.

7. A list of the students to be presented with the necessary enclosures securely fastened to it must be sent by the head of the institution, *not later than the 5th December* 1922, the cover being post paid, superscribed and addressed as follows :—

[Nominal roll of candidates for admission to the Training-School Leaving Certificate Examination, 1923.]

Separate forms should be used for each grade, for each language and for each centre. Lists not correctly and legibly written and not submitted within the time fixed will be rejected. Heads of institutions should take particular care to see that the names, spelling of names, educational qualifications and periods of training as entered in the lists tally with those given in the service books and school records. They will be held responsible for the correctness of the entries in the lists submitted by them. A supply of nominal roll and treasury receipt forms and a copy of instructions for preparing the nominal roll will be sent to heads of institutions on their applying to this office mentioning the number of candidates. The lists should be accompanied by treasury receipts for the *fees* paid. The fee paid will, under no circumstances, be refunded. *Applications not received through the head of a training institution will not be considered.* Ex-students are informed that no notice will be taken of individual applications sent direct to this office. They should communicate their names and other particulars required for the nominal roll to the heads of institutions in which they were trained, so that they may be entered in the list of students to be prepared by them.

8. Heads of institutions are requested to take particular care to see that each student is eligible to appear for the examination. No candidate shall be considered eligible unless he has put in the required attendance, i.e., 75 per cent of the working days up to the 31st December 1922. Particularly hard cases of shortage in attendance will be considered on their merits by the Inspector or Inspectress of Schools concerned. Applications for exemption should reach the office of the Inspector or Inspectress of Schools on or before the 25th November 1922 and in such cases also the examination fee may be paid into the treasury and it will be refunded if permission is not granted to the student to appear for the examination. To present a candidate for the examination will be regarded as a declaration on the part of the school authorities that in their opinion the student will by the end of the school year have completed satisfactorily the prescribed course of study.

No person will be allowed to bid at the auction unless he furnishes an earnest-money deposit of Rs. 1,000 (one thousand) at the time of sale *to such Depot* and unless he signs his name in the sale notice to imply his acceptance of the conditions contained in that notice. No person will however be allowed to deposit and bid jointly at the sale.

The deposit of unsuccessful bidders will be returned to them at the conclusion of the sale.

4. The sales will be subject to confirmation by the Conservator of Forests who does not bind himself to accept the highest or any bid. It is possible that the Conservator of Forests will himself be present at the time of sale and the result of sale may, therefore, be announced on the spot.

5. Each purchaser shall, immediately after a lot is knocked down to him, sign his name at foot of the sale list in the column provided for the purpose. Such signature shall be held as an admission on his part of having bought the lot.

6. Immediately after the sale, each purchaser, if his offer has been accepted by the Conservator of Forests for that lot, will be furnished with a memorandum showing the total amount due by him and shall pay 50 per cent of the same, less the earnest deposit referred to above, into any of the Government treasuries at Vellore or Tiruppattur or remit it into the Imperial Bank of India, Madras, or Vellore payable to the Accountant-General in Madras, before the 15th January 1924, and the balance before 15th March 1923 or before removal of the sandalwood purchased from the depot premises whichever is earlier.

7. Should any purchaser fail to make the payment as indicated above on the due date, the sandalwood purchased by him will be resold at his risk, the earnest deposit made by him forfeited to Government, and any loss accruing by such resale recovered from him as if it were arrears of land revenue. Should however any profit arise by such resale, the defaulter shall not participate in it.

8. The purchaser must take delivery of the sandalwood before 15th March 1923 but he will not be allowed to remove any wood until payment has been made in full for the entire quantity of wood purchased. If delivery is not taken within the time allowed, a demurrage of Rs. 10 per day will be charged until such time as the wood is removed from the depot premises—vide paragraph 11 infra.

9 On presenting the chalan to the officer in charge of the depot for the payment of value of the sandalwood purchased by each merchant, the wood will be weighed as it is, in the depot, in the presence of the purchaser or his *accredited* agent by an officer of the department not lower in rank than that of a Forest Ranger. No further cleaning or classification of the sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department must be accepted. Should any deficiency occur after weighment, the value of the deficiency will be refunded to the purchaser or if an excess is found it shall be paid for by him.

10. The purchaser shall bear the cost of weighment at the time of delivery.

11. The purchaser will be allowed reasonable time not exceeding beyond 15th March 1923 to remove his wood after weighment and delivery. During this period the wood will be kept in the depot at his risk and loss. If the purchaser fails to remove all the wood within the period, any sandalwood remaining unremoved, will become the property of Government.

12. Special endeavours will be made if required to secure railway facilities to the purchasers for the transport of their sandalwood by rail.

13. No sandalwood can be removed from the depot, till a licence to remove sandalwood signed by the officer of the Forest Department who weighed out the wood shall have been obtained and till every piece of sandalwood that can be stamped has been stamped with the district 'Sale hammer.'

14. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchaser.

DEPARTMENT OF AGRICULTURE, MADRAS.

CULTIVATION STATEMENT FOR THE PERIOD APRIL TO SEPTEMBER 1922.

(On an average of the five years ending 1921–22, the area sown from April to September represents 92 per cent of the area sown in the year on lands registered as dry, and 58 per cent of the area sown in the year on lands registered as wet.)

This return relates to the cultivation on Government and minor inam lands in the Presidency which constitute 68 per cent of the total area. The Agency division and Vizagapatam are excluded from the remarks made below.

2 *Lands registered as dry.*—The area sown in *September* 1922 is reported as 8,253,700 acres against 3,083,100 acres last year, and against an average of 8,317,000 acres. The rainfall in August 1922 was greater than last year in the Deccan and hence the area sown increased by about 33 per cent. Coimbatore, Trichinopoly and Madura show a large decrease due to the fact that the rainfall in August 1922 was only about half of last year. The decrease of about 2 per cent in the total area sown as compared with the average is mainly due to Madura.

The area sown from *April to September* 1922 is reported as 20,836,600 acres against 14,013,700 acres last year and against an average of 9,057,600 acres. As compared with last year, there is a fall in area of about 16 per cent in the Deccan, 23 per cent in Coimbatore, 19 per cent in Trichinopoly, and 29 per cent in Madura. Anantapur suffered most, the reduction in area being 34 per cent. There is an increase in area in North Arcot owing to early rains and in Malabar owing to the favourable season.

3. *Lands registered as wet.*—The area sown in *September* 1922 is reported as 1,099,700 acres against 1,199,600 acres last year, and against an average of 1,033,700 acres.

The area sown from *April to September* 1922 is reported as 4,083,100 acres against 4,191,900 acres last year, and against an average of 3,997,000 acres. Adequate freshes were received regularly in the Cauvery and there is therefore an increase in area in Tanjore and Trichinopoly. Elsewhere generally there are small decreases owing to the insufficiency of supplies in the irrigation sources. The decrease is most marked in Nellore where only 57 per cent of last year's area was sown.

4. Details by districts are given in the statement appended.

Madras, 1st November 1922.
